

## WHAT EIOBOARD CUSTOMERS SAY

“ In addition to savings in staff accountability, the process of accounting for visitors and contractors has also become more accurate and efficient.

*David Sherrard, American Packaging Corporation*

“ One of the best features has been the support. They are extremely knowledgeable, are always right on top of our requests, and are great about responding in a very timely manner. It is one of the few tech support experiences I don't dread.

*Jerry Tibor, University of Alaska Anchorage*

“ The EIOBoard system worked so well for Forensics, we've implemented it into the rest of the Department of Public Safety. We now have a secure way of protecting critical evidence.

*Drew Emory, Dept. of Public Safety, State of Vermont*

“ [EIOBoard has] really hit the nail on the head. It has accomplished everything we'd hoped for.

*Martin Rowland, Sherritt International Corp.*
